

## BRAIDED WRAP SLEEVING

### Flexible Wrap

- Expandable, lightweight and flexible braided sleeving
- Resistant to abrasion, cuts, UV and moisture
- Protect wiring systems and give a professional look to any cabling project
- Sleeving cuts cleanly with a hot knife (SR-1530 Solder iron + ST-259 Tip)

### Clean Cut Sleeving

- Same features as the PT-Series, but allows scissor cut
- Resists fraying when cut with ordinary scissors
- Increased braid density for fuller coverage

### Split Sleeving

- Flexible, semi-rigid braided sleeving with a lateral split
- Self-wraps around cables without additional fasteners or sealers
- Conveniently allows addition or removal of wires without disassembly
- Cuts cleanly with a hot knife (SR-1530 Solder iron + ST-259 Tip)
