

Vises - PanaVise

PanaVise makes state-of-the-art vises and other work-holding devices. All are designed with a patented "split ball" design, which provides "tilt (180°), turn (360°) and rotate (360°)" capability from a single knob. Vises are compatible with most accessories - please check online for full details.

VICES

MODEL	DESCRIPTION	JAW OPENING	HEIGHT
PV-201	Junior Vise with Base	2-7/8" (73mm)	6-3/4" (171mm)
PV-209	Junior Vise with Vacuum Base	2.875" (73mm)	7.5" (173mm)
PV-381	Standard Head with Vacuum Base	2.5" (63.5mm) wide	6.125" (155.6mm)
PV-350	Wide Opening Head with Base & Mount	9" (228.6mm)	7.875" (200mm)
PV-333	PCB Holder with Weighted Base Mount	1/8" to 12" wide, with optional cross bars up to 28" wide	10" (254mm)
PV-324	PCB Holder with Base, Mount & accessories	12" (305mm)	13.5" (342.9mm)
PV-301	Standard Vise Head with Base	2.25" (57.1mm)	6.25" (171.4mm)

BASES

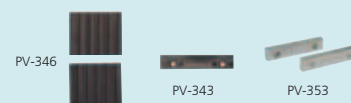

PV-400

PV-311

PV-312

PV-308

PV-346

PV-343

PV-353

MODEL	DESCRIPTION
PV-400	Heavy Duty (holds up to 75lbs at 45°)
PV-305	Low Profile (close to work surface)
PV-300	Standard
PV-380	Vacuum

BASE MOUNTS

MODEL	DESCRIPTION
PV-311	Bench Clamp
PV-312	Tray Base Mount
PV-308	Weighted Base Mount

WISE JAWS

MODEL	DESCRIPTION
PV-346	Deluxe Neoprene
PV-344	Grooved Nylon
PV-343	Nylon
PV-353	Plated Steel

WISE HEADS

PV-303

PV-203

PV-304

MODEL	DESCRIPTION
PV-315	Circuit Board Card Holder
PV-366	Heavy Duty Wide Opening (6")
PV-203	Junior Vise (small projects)
PV-304	Low Profile (close to work surface)
PV-303	Standard

Vises - Circuit-Test

CIRCUIT-TEST

- Portable stand with alligator clips
- Holds parts for soldering or assembling
- Ball joints allow for exact positioning

MODEL	DESCRIPTION
SH-980	Helping Hands
SH-982	Helping Hands With Magnifier
