

PELICAN™ Cases and Products

MICRO CASES WITH RUBBER LINER

Micro cases protect items like your cell phone, camera, PDA, pager, radio and other valuable small items. Micro cases provide total protection: they are watertight, airtight and crushproof. They come with an automatic pressure purge valve, and a ring and lanyard for easy attachment. Excellent for trips or outdoor activities when you need to protect your valuables from water, dropping, bumps, sun, etc. Small enough to fit into luggage, bags, glove compartments and other Pelican cases. They are just as durable as the larger models!

PEL1510-BLK	

PROTECTIVE CASE WITH INTERIOR FOAM & TRANSPORT WHEELS

- Watertight, crushproof and dustproof
- Strong polyurethane wheels with stainless steel bearings
- Easy-open double-throw latches
- Open cell core with solid wall design - strong and lightweight
- Stainless steel hardware and padlock protectors
- 3-level Pick-N-Pluck™ foam

This Pelican case offers total protection for your equipment. It is watertight, airtight, dustproof, chemical resistant, corrosion proof and virtually unbreakable. Made of high-impact structural co-polymer with a neoprene o-ring that seals perfectly. This case also has an automatic purge valve for quick equalization after changes in atmospheric pressure. It is equipped with 5cm hard rubber transport wheels, an extendable handle and multiple fold-down carrying handles. Comes with high density foam (padded dividers optional) to protect your equipment against vibration, impact and shock.

MODEL	EXTERIOR DIMENSIONS (LxWxD)	INTERIOR DIMENSIONS (LxWxD)
PEL1610-BLK	62.7 x 49.7 x 30.3cm	55 x 42 x 27cm

This is our largest Pelican case, offering total protection for the greatest internal volume. It is watertight, airtight, dustproof, chemical resistant, corrosion proof and virtually unbreakable. Made of high-impact structural co-polymer with a neoprene o-ring that seals perfectly. This case also has an automatic purge valve for quick equalization after changes in atmospheric pressure. It is equipped with 5cm hard rubber transport wheels, an extendable handle and multiple fold-down carrying handles. Comes with high density foam (padded dividers optional) to protect your equipment against vibration, impact and shock.
